

# FLAP DISCS

## Product

Hermes product line contains a variety of flapdisc items. These flapdiscs supply the high stock removal rate and long service life required by industry. The high quality zirconia-alumina grain coated cloth combined with several types of backing plates makes Hermes flapdiscs an economical alternative where Flex grinding wheels are currently being used.

## Construction

### **FL 386 X, RB 486 21 X, RB 486 24 YX**

Abrasive Grain: Zirconia-alumina with special grinding aid

Backing Plate: Plastic, beveled

Grit Range: 40, 50, 60, 80, 120 (ANSI)

## Workpieces

Metal items, kitchen equipment, washing machines, cast iron and aluminum parts, burial caskets, sheet metal, metal piping, fabricated metal parts

## Advantages of Hermes FLAPDISCS

1. High quality zirconia-alumina grain
2. Long life
3. High stock removal rates
4. Low noise and weight

## Applications

Removal of weld beads, coarse grinding of cast parts, removing burrs from sheet metal and pipes, stock removal and surface cleaning (rust removal, etc.) of metal items.

## Forms

### **FLAPDISCS -FE67**

Dimensions Available:

4" x 5/8"      4 1/2" x 7/8"

5" x 7/8"      7" x 7/8"

EB 012

Type #'s:

FL 386 X: 38600

RB 486 21 X: 48621

RB 486 24 YX: 48624

## Sanding Machines

Hand held angle grinding machines.
